

PRESS RELEASE

INX Achieves Cisco Managed Services Master Certification

HOUSTON--(BUSINESS WIRE)--INX Inc., (NASDAQ:[INXI](#) - [News](#)) announced today that it has been recognized as having the highest level of expertise in developing and delivering managed services.

INX announced today it has achieved the Managed Services Master Certification from Cisco. This certification recognizes INX's investment in the managed service ITIL® processes, practices and tools necessary to provide high-quality managed services.

"We are extremely pleased to have achieved the top level of certification for our managed service offerings. The investments we are making continue to allow us to provide best of class services to our clients in both unified communications and data center virtualization support offerings" stated Gary Derheim, Vice President of Managed Services for INX.

As a Cisco Managed Services Master Certified Partner, INX has demonstrated the ability to deliver sophisticated solutions, met stringent requirements that reflect a depth of capabilities, and undergone an independent audit by an objective third-party auditor. INX was also required to offer at least two managed services using the resources and procedures necessary to deploy, manage and support Cisco solutions. "INX's investment in the Cisco Managed Services Master Certification ranks it among an elite group of channel partners with the resources to deploy, manage and support services for multiple technologies," said Edison Peres, Senior Vice President of Worldwide Channels at Cisco.

In addition, INX has achieved Cisco Powered managed service designations in Cisco Powered Managed Cisco TelePresence™, Cisco Powered Managed Security and Cisco Powered Managed Unified Communications.

Cisco Powered managed service designations acknowledge that a managed service provider has invested in industry-leading Cisco architectures and that its services have met the highest Cisco user-experience standards.

ABOUT INX INC.:

INX Inc. (NASDAQ:[INXI](#)) is a leading U.S. provider of IP communications and data center solutions for enterprise organizations. INX offers a suite of advanced technology solutions focused around the entire life-cycle of enterprise IP network communications and data center infrastructure. Services are centered on the design, implementation and support of network infrastructure, including routing and switching, wireless, security, unified communications, and data center solutions such as storage and server virtualization. Customers include enterprise organizations such as corporations, as well as federal, state and local governmental agencies. Because of its focus, expertise and experience implementing and supporting advanced technology solutions for enterprises, INX believes it is well positioned to deliver superior solutions and services to its customers. Additional information about INX can be found on the Web at www.inxi.com.

SAFE HARBOR STATEMENT:

The statements contained in this document that are not statements of historical fact, including, but not limited to, statements identified by the use of terms such as "anticipate," "appear," "believe," "could," "estimate," "expect," "hope," "indicate," "intend," "likely," "may," "might," "plan," "potential," "project," "seek," "should," "will," "would," and other variations or negative expressions of these terms, including statements related to expected benefits from the announced contract award are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve a number of risks and uncertainties. Additional information about risk factors are contained in the Company's most recent filings with the SEC on Forms 10-K and 10-Q. The actual results of the future events described in the forward-looking statements in this document could differ materially from those stated in the forward-looking statements due to numerous factors. Recipients of this document are cautioned to consider these risks and uncertainties and to not place undue reliance on these forward-looking statements. The Company expressly disclaims any obligation or undertaking to update or revise any forward-looking statement contained herein to reflect any change in the Company's expectations with regard thereto or any change in events, conditions or circumstances upon which any statement is based.
